

## Important, Read Carefully

This Memba License Agreement (the "Agreement" or "Memba EULA") is a legal agreement between You (either an individual person or a single legal entity, who will be referred to in this Agreement as "You" or "the Licensee") and Memba SA ("Memba") for the Memba Software that accompanies this Agreement, including any associated media, printed materials and electronic documentation (the "Software"). The Software also includes any software updates, add-on components, web services and/or supplements that Memba may provide to You or make available to You after the date You obtain Your initial copy of the Software to the extent that such items are not accompanied by a separate license agreement or terms of use. By installing, copying, downloading, accessing or otherwise using the Software, You agree to be bound by the terms of this Agreement. If You do not agree to the terms of this Agreement, do not install, access or use the Software; instead, You should return it to Your place of purchase for a full refund.

## Software License

The Software is protected by copyright and other intellectual property laws and treaties. The Software is licensed, not sold.

### 1 Product License Types

- 1.1 **GPL Software.** If the Software is labeled "GPL" or "GPL Software", Your use of the software is governed by the GPL license available at <http://www.gnu.org/copyleft/gpl.html>.
- 1.2 **Evaluation Software.** If the Software is not labeled or is labeled "Evaluation" or "Not For Resale" or "NFR" or "Unregistered" or "Unlicensed" then, notwithstanding other sections of this Agreement, Your use of the Software is limited to use for demonstration, test, or evaluation purposes. You may (a) distribute exact copies of the Evaluation Software, if done exclusively through electronic channels; and (b) make as many exact copies of this Evaluation Software as You wish for purposes of distribution. You may not resell, or otherwise transfer for value, the Software.
- 1.3 **Pre-release Software.** If the Software You have received is labeled "Pre-release" or "Beta" then, notwithstanding other sections of this Agreement, You acknowledge that the Software is a pre-release version, does not represent final product from Memba, and may contain bugs, errors and other problems that could cause system or other failures and data loss. Consequently, the Pre-release Software is provided to You "AS-IS", and Memba disclaims any warranty or liability obligations to You of any kind. You acknowledge that Memba has not promised or guaranteed to You that Pre-release Software will be announced or made available to anyone in the future, that Memba has no express or implied obligation to You to announce or introduce the Pre-release Software and that Memba may not introduce a product similar to or compatible with the Pre-release Software. Accordingly, You acknowledge that any research or development that You perform regarding the Pre-release Software or any product associated with the Pre-release Software is done entirely at Your own risk.
- 1.4 **Production Software.** If the Software is labeled "Production" or "Licensed" or "Registered" then, Your use of the Software is subject to the terms set forth in this Agreement.

### 2 Grant of License

- 2.1 **License Key.** Installation of the Software entails completion of a registration procedure ("Registration Procedure") in which You will be required to enter a License Key which comprises a series of letters and numbers ("Serial Number") provided to You as part of Your purchase. A License Key cannot be shared among different installations. You agree not to disclose the License Key provided to You to any third party

other than an authorized Memba reseller ("Reseller"). Memba may periodically update License Keys and licensing administration records with the issuance of Software updates.

- 2.2 **Perpetual License and Upgrade.** If You have purchased a Perpetual License, You may install and use the Software for a perpetual term unless and until terminated in accordance with this Agreement. To use Software identified as an upgrade, you must first be licensed for the Software identified by Memba as eligible for the upgrade. After upgrading, you may no longer use the Software that formed the basis for your upgrade eligibility.
- 2.3 **Subscription.** If You have purchased a Subscription, You may install and use the Software for the term of Your Subscription as shown in the corresponding purchase order or other order confirmation form. You may also exercise the additional license rights described in the paragraphs below, but only for the term of Your Subscription. The initial Subscription period begins on the date You first request Your License Key ("Purchase Date"). You cannot use the Software after Your Subscription expires unless You renew or extend Your Subscription. By renewing or extending Your Subscription, You will be entitled to continue using the Software for a specified period of time beyond the date when Your previous Subscription would have otherwise ended. All the terms and conditions of this Agreement will continue to apply to Your use of the Software during any subsequent renewal periods unless otherwise specified.
- 2.4 **Named Users and Concurrent Users.** You are allowed only the number of users of the licensed Software as shown in the corresponding purchase order or other order confirmation form ("Licensed Users"). When the Software is licensed on a Named User basis, the number of users who are given access to the Software cannot exceed the number of Licensed Users. When the Software is licensed on a Concurrent User basis the aggregate number of users accessing the Software at any one time may not exceed the number of Licensed Users. Nothing in this paragraph shall limit Licensee from allowing its employees, agents or representatives or the employees, agents or representatives of Licensee's parent, subsidiaries or affiliates, if any, from accessing or using the licensed Software for Licensee's own internal business purposes; provided, however that the total number of users does not exceed the number of authorized users covered by the license.
- 2.5 **Servers and Devices.** A Server is a computer capable of hosting a physical copy of the Software and capable of providing all or part of the functionality of the Software to electronic devices ("Devices") which have access to the Server. You may install the licensed Software or part of the licensed Software on the number of Servers and Devices as shown in the corresponding purchase order or other order confirmation form ("Licensed Servers" and "Licensed Devices"). If the number of Licensed Devices is not specified, it is assumed that an unlimited number of Devices are licensed to access the Software. If the number of Licensed Servers is not specified, it is assumed that each Device is a Server and the number of Licensed Servers is the number of Licensed Devices.
- 2.6 **Additional Users or Servers.** If You wish to expand the number of Licensed Users or Licensed Servers covered by the license You may be able to purchase the additional licenses from Memba or a Reseller. Such added licenses will be affected by the provision of new License Key(s) by Memba.

### 3 Description of other rights and limitation

- 3.1 **Mandatory Registration.** You may not be able to exercise Your rights to the Software under this Agreement after a finite number of product launches unless You complete the Registration Procedure.

Nevertheless, upon written notice in form and content acceptable to Memba, a Software license may be assigned or transferred in connection with a sale of all or substantially all Licensee's business assets, provided (1) that You transfer this Agreement, the Software, including all copies, updates and prior versions, (2) that You retain no copies, including copies stored on a computer, and (3) that the receiving party accepts the terms and conditions of this Agreement. Any such assignment shall be subject to the terms and conditions stated herein. After any such assignment or transfer, You shall have no rights with regard to the Software licenses.
- 3.8 **Assignability.** This Agreement shall insure to the benefit of, and is freely assignable to, Memba's successors and assignees of rights in the Software.
- 3.9 **Termination.** Without prejudice to any other rights, Memba may terminate this Agreement if You fail to comply with the terms and conditions of this Agreement. In such event, You must destroy all copies of the Software and all of its component parts.

#### 4 Third Party Software

The licensed Software may include software owned by third-parties (collectively "Third-Party Owners"). The Third-Party Owners are third-party beneficiaries of this Agreement and You agree to be bound to them under all the terms and conditions of this Agreement, unless and to the extent that a separate license agreement for such software governs.

If Memba releases any update to the licensed Software during the term of Your License, You will be entitled to receive a copy of such update(s) at no additional cost, except for any applicable connection charges, taxes, duties and shipping costs if You select fulfillment by mail. Such updates shall be considered part of the Software and subject to all of the terms and conditions of this Agreement unless otherwise indicated in any license agreement that accompanies such update. - 6.2 **Definition of Error Levels.** (1) Major Error: A major function is experiencing a reproducible error which causes major inconvenience and no useful work can be done. (2) Minor Error: A function is experiencing an intermittent error, or a common non-essential operation is failing consistently. The inconvenience can be tolerated until next scheduled release. For Major Error(s), Memba will use constant effort to create a fix or

workaround as soon as practical. For Minor Error(s), Memba will provide an update at the next regularly release schedule of the Software.

- 6.3 **Limitations.** Memba reserves the right to limit its Support Services to one named contact per Licensee. Memba shall support the most current released version of the Software. Memba will not support any previous versions after ninety (90) days from the release date of the most current version.
- 6.4 **Confidentiality.** You acknowledge and agree that any information or feedback You may provide to Memba in reference to the Software or this Agreement is non-confidential and You grant Memba a worldwide, free and irrevocable license to use this information/feedback in its business activities.
